PRACTICAL NURSING PROGRAM

ROLLA

Thank you for your interest in our Practical Nursing Program. Enclosed is the application packet. This packet includes information you will need to read and forms you will need to complete and return if you would like to begin the application process.

The East Central College Practical Nursing Program is fully approved by the Missouri State Board of Nursing. As identified in the packet, it is a **52-credit hour** program (including pre-requisites) that encompasses on-campus classroom and laboratory hours as well as clinical experience in a variety of local hospitals and facilities. Once selected for admission into the program, students should complete the full-time practical nursing program in 11 months. General education courses may be completed on a full- or part-time basis prior to entering the program. Upon graduation, students receive a certificate of achievement in Practical Nursing and are eligible to apply to sit for the national exam (NCLEX-PN) to obtain a Licensed Practical Nurse (LPN) license.

A Licensed Practical Nursing is the first step in practical nursing. This certificate prepares you to begin further studies (through College/University Programs) to progress in the profession for an Associate's Degree in Nursing, Bachelor of Science Degree in Nursing, a Master's Degree in Nursing, or a Doctoral Degree, if you choose to do so.

To be considered for admission into East Central College's Practical Nursing program you must have completed high school, or equivalent, and be admitted as an East Central College student (separate application). *Applicants desiring admission into the PN program, who have failed to achieve a "C" or better in ANY two ECC nursing courses or in ANY two PN nursing courses/programs attended, will not be considered for admission. In addition, students who have been admitted two times to ANY PN program(s) are not eligible for admission. **To apply to the practical nursing program, return the attached application to East Central College, Allied Health, 500 Forum Drive, Rolla, MO 65401, with a receipt from the ECC office located on the Rolla Technical Center campus (500 Forum Drive, Rolla) showing payment of the \$30.00 application fee. Applications must be submitted on an annual basis and are only good for one admission cycle.***

APPLICATION DEADLINE: The ECC Practical Nursing Program is approved to accept students into the program each Fall semester. *The deadline for application is May 1st of the year you would like to be consider for admission. All transcripts must be on file by May 1st.*

Class selection is based on academic performance. A point system is used to determine an applicant's rank in the selection process. Your academic advisor is glad to review your standing and provide suggestions on how you may achieve the best candidacy possible.

For consideration, applicants must meet the following minimum criteria:

- 1. Minimum cumulative college GPA of a 2.0 or greater of college credit.**
- 2. HESI A2-LPN Admission Test Score of 77% or greater in Reading Comprehension in the last two years.**

It is your responsibility to provide our office with a copy of your HESI A2-LPN results. The HESI A2-LPN Test is designed to assess a student's academic and personal readiness for higher education in a healthcare related field, such as practical nursing. The test is an internet-based, timed (plan for 4-1/2 hours), multiple-choice test evaluating your knowledge in the following categories: English language, grammar, vocabulary, math, biology, and critical thinking. Tests

are not individually timed during testing. You will have 4-1/2 hours to complete the test so pacing yourself is very important. *You may schedule your exam in the Learning Center located on the Union Campus or at ECC Rolla Main at 500 Forum Drive.* The ECC HESI A2-LPN Fact Sheet has more information about the Admission Test requirement and dates given. The HESI A2-LPN Fact Sheet and the Practical Nursing Admission Test Registration information may be found on our website at <http://www.eastcentral.edu/nursing/nursing/>.

3. **Pre-requisite coursework completed with a “C” or better.** Pre-requisite coursework ***must be completed by the end of the Summer semester (August) before*** Fall admission into the program. See curriculum page in this application packet for more detail.
4. **Three (3) appropriate references on file.** (See application for guidelines regarding references).
5. **Official transcripts received and evaluated for program, as well as proof of enrollment, if coursework is taken at another institution.** Applications will not be considered if official transcripts have not been evaluated by May 1st. It is the applicant’s responsibility to check their E-Central account to determine status of their ECC transcript.
6. **Must complete a timed Math Assessment.**
7. **Must be in a state of physical and mental health compatible with the responsibilities of a practical nursing career.** A physical examination, including selected diagnostic tests and immunizations, is required after acceptance into the program (a form is provided in acceptance packet).
8. **Admission is contingent upon a successful criminal background check and a satisfactory drug screening.** The procedures are completed after the practical nursing acceptance packet has been received.

It is the *applicant’s responsibility* to verify with the Nursing and Allied Health office that the application file is complete. Incomplete application files will *not* be considered for admission.

All college coursework, pertinent to the practical nursing program, MUST be completed with a grade of “C” or better. All science courses must be no older than 5 years at the time of acceptance.

All applicants will be notified, *in writing*, of their admission status by June 20th of each year.

If you have any questions, please contact the Nursing and Allied Health (Union) at (636) 584-6616, (Rolla) (573) 899-8055, or via e-mail at julie.beck@eastcentral.edu. Practical Nursing program information is also available on our website at <https://www.eastcentral.edu/allied-health/nursing/>.

East Central College Practical Nursing Program

Summary of ECC Practical Nursing Drug Screening, Immunization and Physical Examination Policies

Criminal History

As a requirement of the application process for the East Central College Practical Nursing Program, in response to RSMo 660.317b and 660.315, students accepted into the program will be required to consent to release of their criminal history records (RSMo 43.450) for the sole purpose of determining the applicant's ability to enter patient care areas in order to fulfill the requirements of the Practical Nursing program. Any student who is found to have a criminal history for a felony conviction, as defined by state law, or is found to be on one of the governmental sanction lists, will not be accepted nor allowed to continue enrollment in the ECC Practical Nursing Program. Acceptance into and completion of the program does not guarantee licensure. In addition, any conviction may affect a student's ability to be placed in a clinical site and a graduate's ability to sit for the NCLEX-PN Examination or attain State Licensure. ***Students currently serving probation are ineligible for admission and may be ineligible for admission if the criminal offense is recent in nature.***

Drug Screening

The purpose of the ECC Practical Nursing Program Drug Testing Policy is to ensure that students entering the Program are drug- and alcohol-free and to comply with the Drug-Free Schools and Communities Act Amendments of 1989. Offers of acceptance to the Practical Nursing Program are made as conditional offers. Applicants may be denied admittance if a positive drug screen is detected. An applicant who refuses to authorize and pay for testing, or who tests positive for drugs, alcohol, or controlled substances, may not receive a final offer of admission. A current Practical Nursing student who refuses to authorize and pay for testing, or who tests positive for drugs, alcohol, or controlled substances, may not be allowed to continue in the Practical Nursing program. A positive drug screen during the professional years may disqualify a student from participating in required coursework involving client interaction and will affect the student's ability to complete the program.

Immunizations and Physical Examination

The purpose of the ECC Practical Nursing Program Immunizations and Physical Examination Policy is to ensure that students entering the Program are in a state of physical and mental health compatible with the responsibilities of a career in practical nursing and in general, working with individuals in a healthcare or other provider environment. Upon acceptance to the program, all incoming practical nursing students are required to have a physical examination and certain immunizations (forms will be provided) to comply with ECC and clinical site-specific policies. Record of childhood immunizations are sufficient; however, if not available or insufficient, proof of immunity/re-immunization is required at the student's expense. Applicants may be denied admittance if they are not in a state of physical and mental health compatible with the responsibilities of a career as a registered nurse and/or if they do not receive the proper immunizations.

Graduate Learning Outcomes

Upon completion of the ECC Practical Nursing Program, the graduate will be eligible to sit for the NCLEX-PN licensure exam. Upon passing the exam, graduates will be licensed as a practical nurse in the State of Missouri. See Performance Standards for more information.

The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and the licensee and shall determine based on that information if probable cause exists pursuant to subsection 8 of this section and shall issue its findings of fact and conclusions

of law. If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.

The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. If less than thirty days, the board may be granted leave to amend if public safety requires.
(2) If no cause for discipline exists, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the emergency suspension or restriction.
(3) If cause for discipline exists, the administrative hearing commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.
12. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.
13. If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. Records relating to the suspension or restriction shall be maintained in the board's files. The board or licensee may use such records in the course of any litigation to which they are both parties. Additionally, such records may be released upon a specific, written request of the licensee.
14. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the nurse's license, such temporary authority of the board shall become final authority if there is no request by the nurse for a full hearing within thirty days of the preliminary hearing. Practical Nursing students should be aware that there are reasons for refusal to issue a practical nurse license as defined by the State Statute 335.066 as quoted from the April 2014 Missouri Nurse Practice Act included in this handbook.

Student Responsibilities:

Licensed Practical Nurses (LPNs) under the direction of the Professional Registered Nurse and/or a Licensed Physician to promote health, prevent disease, and help patients and families cope with illness. They have a unique scope of practice yet work collaboratively with all members of the healthcare team. Practical Nurses are hands-on professionals who provide focused and highly personalized care. Practical nurses assess a patient's health, help perform diagnostic tests and analyze results; operate medical equipment; administer a variety of treatments and medications; and assist with patient follow-up and rehabilitation. They follow a developed nursing plan of care and instruct patients and families on issues of health promotion, disease prevention, and disease management. Practical Nurses also serve as advocates for patients, families, and communities.

Practical nurses' practice in a wide variety of healthcare arenas such as hospitals, long-term care settings, outpatient surgery centers or rehabilitation centers, community health, industrial or school nursing, clinics and physician offices. During your academic experience, you will be exposed to learning environments, which are challenging and reflective of job demands typical of future practice as a Practical Nurse. Your education also includes clinical work at varying facilities, which will involve direct client contact and involvement with community professionals. Compliance and demonstration of performance skills related to physical as well as professional standards of practice are a requirement for successful completion of the ECC Practical Nursing Program.

Students are expected to follow professional standards set by the ECC Practical Nursing Program and to conduct themselves in an ethical and responsible manner with other students, faculty, administrators, community professionals and clients, equipment, and supplies.

Performance Standards for Successful Completion of the Practical Nursing Program:

These Performance Standards should be used to assist each applicant and student to determine if they are otherwise qualified to be a Practical Nurse. It is the policy of East Central College to provide reasonable accommodations for individuals with disabilities. If you need an accommodation due to a disability under the Americans with Disabilities Act, please contact the Access Office at (636) 584-6581, prior to applying to the ECC practical nursing program.

Progression Policy:

Students in the final semester of the program are required to take a standardized PN Exit Exam. Achievement of an acceptable score is required for successful completion of the program. Details are published in the Student Practical Nursing Handbook (obtained after acceptance and available on the nursing website).

Upon completion of the Licensed Practical Nursing, the graduate will be able to meet the standards outlined in this application.

I acknowledge receiving, reading, understanding, and meet the Nursing Performance Standards and the Missouri State Board of Nursing licensure requirements. I realize that these Performance Standards must be met for successful completion of the ECC Nursing Program. I further understand that completion of the ECC Practical Nursing Program does not guarantee licensure with Missouri State Board of Nursing (MSBN).

Student Name (printed legibly): _____

Student Signature: _____ **Date:** _____

NOTE: Students who do not meet Performance Standards or MSBN requirements may not be eligible for the ECC Practical Nursing Program. Any applicant who is concerned about being eligible for licensure may discuss this matter with the Practical Nursing Program Director by contacting the Health Science office at (636) 584-6616 for an appointment.

East Central College Practical Nursing Program

Acknowledgement of Technology Requirements Form

To the applicant: Review this form to indicate you understand the technology requirements of the Practical Nursing Program. ***Sign and return the form with your practical nursing application by the May 1 1st deadline.***

The East Central College Practical Nursing Program utilizes e-technologies to deliver a portion of course content and as a means of communication with program students, faculty and staff. Through a combination of didactic coursework, classroom/laboratory practice, and clinical experiences, students will learn the profession of practical nursing. Aspects of all of these learning environments will require familiarity with internet-based technologies. In addition to internet-based technologies, interactive television will also be utilized to convey course content for some course content between the Union Campus and Rolla location. Specialty topics may have a significant portion delivered with this technology. This allows students to experience the highest level of practical nursing expertise for instructional purposes.

Offers of acceptance to the ECC Practical Nursing Program are made as conditional offers. In addition, to the satisfactory completion of pre-requisite courses, a satisfactory background check, and a negative alcohol, drug, and/or controlled substance test, applicants are required to acknowledge the integral use of technology in the delivery of this program. Technologies include, but are not limited to; internet, e-mail, Moodle, interactive television (ITV), online database searching, web-based lecture capture, internet streaming video review, and other e-technologies as assigned as integral components of the Practical Nursing Program. While many of these technologies are accessible through any computer with access to the internet, students may be required to travel to the Union campus or Rolla location to attain consistent, high-speed access compatible with viewing of content-specific materials. Students are also required to attend classes on campus delivered through the ITV/Zoom format.

Students are NOT required to have a personally owned computer or home-based high-speed internet access as these materials and services are made readily available at either the Union or Rolla location. However, current practical nursing students report that personally owned laptop computers and access to high-speed internet connections in their homes leads to increased satisfaction and a more convenient and accessible learning environment.

I have read and understand the above technology requirements related to the ECC Practical Nursing Program and hereby acknowledge that in order to successfully complete the program I will need to utilize said technologies for communication with program faculty and staff, access to course content, assignment submission, and dialogue with fellow classmates and colleagues in these virtual environments.

Medical Marijuana Policy

As of December 2018, Article XIV of the Missouri Constitution now allows for the possession and cultivation of marijuana for medical use, after voters approved a statewide ballot measure. Under the program developed by the Missouri Department of Health and Senior Services, Missouri physicians may certify that their patients are eligible for medical marijuana use. Patients who receive certification must then apply for an identification card authorizing their use of medical marijuana.

Please note, ***marijuana is still illegal at the federal level.*** Regardless of whether medical marijuana is legal in Missouri, federal law requires that colleges and universities adopt and enforce drug-free workplace policies, as well as programs to prevent the unlawful possession, use, or distribution of illicit drugs by students and employees. Accordingly, because marijuana is still considered illegal under federal law as a “Schedule I” drug, ***East Central College must prohibit its distribution, possession, and consumption on property owned and operated by the College or its affiliates (clinical partner affiliations).***

Students and employees who are found in possession or under the influence of marijuana will be subject to disciplinary action in keeping with the College’s policies and procedures. Please be advised that disability accommodations are not available for medical marijuana use. Students are encouraged to seek assistance with ACCESS services for options related to alternative accommodations. In the event that the authorized use of marijuana for medical purposes while off-campus impairs a student or results to student conduct violations, it may result in disciplinary consequences from the program and/or College.

CBD oils, supplements, and products derived from hemp are legal under both federal and Missouri law, but may not be sold on campus. Individuals are cautioned to use these products at their own risk. ***These types of supplements may still be detected in small amounts or types and can result in a positive drug screen (AJN, 2/2021)***
