CERTIFICATE IN LAW ENFORCEMENT

Basic Training Program

Thank you for your interest in our Certificate in Law Enforcement (Basic Training Program)! This 37-college credit hour program encompasses on-campus classroom instruction at East Central College's Rolla North site as well as practical experience in facilities maintained by the Phelps County Sheriff's Department. Once selected for admission into the program, students complete the part-time law enforcement program in one year. Upon graduation, students receive a Certificate of Achievement in Law Enforcement and are eligible to sit for the Missouri Peace Officer Licensing Exam (MPOLE) to obtain a Peace Officer license in the state of Missouri. Other states may have individual education level requirements. East Central College has not determined if the Certificate in Law Enforcement program at East Central College meets the state education requirements in any other state, any U.S. Territory, or the District of Columbia.

Students may choose to pursue the Associate of Applied Science in Law Enforcement by completing additional general education courses on a full- or part-time basis prior to entering or after the completion of the basic training certificate program. The program is approved by the Missouri Department of Higher Education and Workforce Development and the Higher Learning Commission. In addition, the East Central College Phelps Law Enforcement Training Center is licensed by the Missouri Department of Public Safety's Peace Officer Standards & Training Program (POST).

To apply to the basic training certificate program, return the attached application and required documents to the ECC-Phelps Law Enforcement Training Center, 2303 North Bishop, Rolla, MO 65401, with a receipt showing payment of the \$25.00 application fee. Applications must be submitted on an annual basis and are only good for one admission cycle.

<u>APPLICATION DEADLINE:</u> The ECC-Phelps Law Enforcement Training Center accepts basic training certificate students each Fall semester. *The deadline for application is* <u>June 2, 2025</u> and <u>all transcripts must be on file</u> <u>by June 2nd</u>. Applications may not be considered if incomplete on June 2nd.

It is the *applicant's responsibility* to verify with the ECC-Phelps Law Enforcement Training Center that the application file is complete. Admission to the program is <u>competitive in nature</u> and <u>is not guaranteed</u>. A selection committee ranks all applications and admission is granted to the most qualified applicants. *It should be understood that satisfactorily meeting minimum requirements <u>does not</u> automatically guarantee admission.*

All applicants will be notified, *in writing*, of their admission status by July 1, 2025. If you have any questions, please contact the ECC-Phelps Law Enforcement Training Center at (573) 202-6960 or <u>LETC@eastcentral.edu</u>. Law Enforcement program information is also available on our website at https://www.eastcentral.edu/LETC.

Basic Training Program

Professional, Attendance, Assessment, and Progression Expectations for Students

<u>To the applicant</u>: Review and sign this page to indicate you understand the assessment, performance, and progression standards listed on the previous pages. Return the signed page with your application materials by the June 2^{nd} deadline.

Student Responsibilities:

Students are expected to follow professional standards set by the Law Enforcement Certificate program and to conduct themselves in an ethical and responsible manner with other students, faculty, administrators, community professionals, equipment, and supplies.

Attendance Policy:

Students are expected to attend all scheduled classes and will be responsible for content missed during an absence. The Attendance Policy of the Law Enforcement Program (in accordance with POST requirements) states: a student's absence must not exceed thirty (30) hours of the total certified hours of instruction for any reason. Students will be required to attend additional sessions or complete an alternative assignment to make-up for the missed class time and ensure successful academic progress. If the student is absent the equivalent of the number of clock hours for the number of credit hours for each course, attendance counseling will be required to maintain participation in the program. If student absenteeism continues, further disciplinary action may be taken up to and including dismissal from the program.

Assessment Requirements for Successful Completion of the Law Enforcement Certificate program:

Students are expected to meet the assessment requirements for written exams, skill-based performance exams, and practical applications to determine if they are otherwise qualified to be a licensed peace officer.

Progression Policy:

Students are required to meet the standards of progression policy to successfully complete the program. Details are published in the Law Enforcement Student Handbook (obtained after acceptance and available on the Law Enforcement program website).

Upon completion of the Law Enforcement Certificate program, the graduate will be able to meet the standards outlined to take the Missouri Peace Officer License Exam (MPOLE).

I acknowledge receiving, reading, understanding, and meeting the Law Enforcement Certificate program Performance Standards and the Missouri POST Commission basic training/peace officer licensure requirements.

I realize that these Performance Standards must be met for successful completion of the Law Enforcement Program. I further understand that completion of the Law Enforcement Certificate program does not guarantee licensure with Missouri Department of Public Safety.

Student Name (printed legibly):	
Student Signature:	Date:

NOTE: Students who do not meet Performance Standards or POST Commission requirements may not be eligible for the Law Enforcement Certificate Program. Any applicant who is concerned about being eligible for licensure may discuss this matter with the ECC-Phelps Law Enforcement Training Center Director by contacting (573) 202-6960 for an appointment.

Medical Marijuana Policy

As of December 2018, Article XIV of the Missouri Constitution now allows for the possession and cultivation of marijuana for medical use, after voters approved a statewide ballot measure. Under the program developed by the Missouri Department of Health and Senior Services, Missouri physicians may certify that their clients are eligible for medical marijuana use. Clients who receive certification must then apply for an identification card authorizing their use of medical marijuana.

Please note, *marijuana is still illegal at the federal level*. Regardless of whether medical marijuana is legal in Missouri, federal law requires that colleges and universities adopt and enforce drug-free workplace policies, as well as programs to prevent the unlawful possession, use, or distribution of illicit drugs by students and employees. Accordingly, because marijuana is still considered illegal under federal law as a "Schedule I" drug, *East Central College must prohibit its distribution, possession, and consumption on property owned and operated by the College or its affiliates (partner affiliations).*

Students and employees who are found in possession or under the influence of marijuana will be subject to disciplinary action in keeping with the College's policies and procedures. Please be advised that disability accommodations are not available for medical marijuana use. Students are encouraged to seek assistance with ACCESS services for options related to alternative accommodations. In the event that the authorized use of marijuana for medical purposes while off-campus impairs a student or results in student conduct violations, it may result in disciplinary consequences from the program and/or College.

CBD oils, supplements, and products derived from hemp are legal under both federal and Missouri law, but may not be sold on campus. Individuals are cautioned to use these products at their own risk. These types of supplements may still be detected in small amounts or types and can result in a positive drug screen (AJN, 2/2021).
