## Faculty Course Success Report Instructions

This report contains two years of grade distribution information with a page for each semester. Each page has the ability to compare instructor data to overall course data. The top half of the report refers to rates of success for the instructor while the bottom half of the page refers to overall success by course(s) selected. A few key points to remember:

- 1) Current selections are displayed at the top of the page.
- 2) To make selections on the individual term pages (or make changes to current selections), use the filters on the left hand side of the page.
- 3) To clear all filters on the individual term pages, click the "Clear Filters" at the top right corner.

Dual Credit: Excludes Dual Credit

# Frequently Asked Questions

**Q: Why is the success percentage in this report different than the course success comparison report presented to the board?**

A: This report includes incomplete grades. Incomplete grades are removed from the course success comparison report presented to the board so the success percentages could be a little different. All reports are updated periodically.

**Q: I'm still seeing incompletes. How often is this report updated?**

A: We pull fresh data for all semesters in the report a few weeks after each semester has ended.

**Q: I pulled this report a year ago and now my data for the same semester is different. Why?**

A: This could be because incomplete grades were updated and/or grades were forgiven or changed based on our academic appeal process.

**Q: My data does not look correct. Who do I contact about this?**

A: You can contact Dana Riegel at 636-584-6504 or [dana.riegel@eastcentral.edu](mailto:dana.riegel@eastcentral.edu).

**Q: Why is the data cut off?**

A: This could be because when the data was updated last, the columns automatically resized. Please contact Dana Riegel at 636-584-6504 or [dana.riegel@eastcentral.edu](mailto:dana.riegel@eastcentral.edu) to fix.

**Q: Does this report include dual credit?**

A: The default is for the data to include dual credit. You can exclude by clicking on the appropriate filter on the "Report Overview" page.

**Q: Do I have to select the instructor name and comparison information in every single tab?**

A: Yes.

**Q: What is the best way to print this data?**

A: I've found the best way to print is to export to a Powerpoint from Power BI service. To do this, please follow the instructions below:

1. From Sharepoint, click on the waffle in the top left corner.
2. Click on Power BI (you may have to search for it).
3. Click on "Workspaces" on the left.
4. Click on "Dean Reports".
5. Click on "Reports" at the top.
6. Click on "Faculty Course Success".
7. Once you make your selections, click on "File" at the top then "Export to PowerPoint".
8. Click "Only export current page" (or it will print all pages.)

This will create a PowerPoint with a title page. You can delete the pages you do not want then print the report as a PDF. This will print all pages to a full page.

\*\*\*If you prefer to stay in Sharepoint, you can try exporting and/or printing as a PDF. This has worked but sometimes depends on your computer settings.
